

Excellence in Spelling Placement Test Assessing your Child's Spelling Competence

- This program is designed for children 9 years old and up. If your student is younger, begin with *All About Spelling*.
- There are three levels of the Excellence in Spelling program:
 - Level A (Elementary)
 - Level B (Intermediate)
 - Level C (Advanced)
- Do not allow your child to see or study these tests before you give them, as it would interfere with the accuracy of the placement.
- When you administer the test to the children, do not repeat them in sentences or give definitions unless absolutely necessary.

By giving your child one or more of the three spelling tests attached, you can better determine at which level he or she should begin. These tests are just a guide. Use your best judgment for your child's placement. For a child in grades 3-5, give Test I. For students grade 6 and higher, begin with Test II.
